

Amy Armstrong, RN, BSN, CPC, CPMA, CCFA

Amy is a Registered Nurse with a Bachelor of Science in Nursing with over 35 years of healthcare experience. She has worked over 25 years as a Medical Nurse Auditor both as a manager of a nine-member audit team and presently as a Senior Compliance Auditor for a large academic health system. She has worked extensively in facility billing, using charge and patient care policies of health systems to promote optimization of revenue recovery as well as compliance in the billing process. She has been involved in the appeals process as well as implementation of EMR audit at multiple facilities. Amy is the Treasurer/Secretary of AAMAS (American Association of Medical Audit Specialist) and received the

CMAS/CCFA during the very first testing year. The association named her Auditor of the Year in 2016. Amy earned her CPC and recently the CPMA accreditation thru AAPC.

Session Title: Compliance Auditing: Keeping One Step Ahead

Brief outline of session:

Auditing is being conducted at an exceptionally high rate across a multitude of facilities in numerous areas of coding and billing. This session will take a look at how to keep ahead of the potential audits that will be coming your way. Learn the alphabet soup of government audits, from CERT to ZPIC. Get tips on the various journals and websites to subscribe to. Most importantly, learn how to create a robust, proactive work plan to audit yourself before auditors come knocking on your door.
